AGENDA

I. Introductions

II. Announcements

- a. Behavioral Health Month. During July we will be featuring news, resources, and communications that highlight the topic of behavioral health and its integration into primary care and the patient-centered medical home. Mark your calendars for these events and help spread the word to your colleagues!
 - i. **Webinar:** *July 11th, Noon - 1:30PM ET.* Behavioral Health Integration in the Medical Home: An Overview of the Massachusetts Self-Assessment and Online Toolkit. Register [here](#).
 - ii. **National Briefing:** *July 25th, 11AM - Noon ET.* The Colorado Experiment: Primary Care and Behavioral Health. Join representatives from HealthTeamWorks and the Multi-Payer Collaborative as they discuss innovations for successfully integrating behavioral health and primary care in a medical home practice. Registration coming soon!
- b. Webpage Re-Construction. In preparation for July, we are focusing our efforts on building up our Behavioral Health webpages. Stay tuned as we get more resources added, including the PCPCC toolkits listed below (originally prepared by this SIG).
 - i. [Medicare Reimbursement for Depression Screening in Adults](#)
 - ii. [Medicare Reimbursement for Alcohol Misuse Screening in Adults](#)
 - iii. [Medicare Reimbursement Brief Counseling Interventions](#)

III. Discussion

- a. Questions from Dr. Howard King, MD, MPH, Pediatrician, Leadership Team for Children's Emotional Health Link. Review [Rita Charon's Narrative](#) in the New England Journal of Medicine (subscription required).
 - i. Who is the "real" patient in health care delivered to children?
 - ii. Are longer visits with parents reimbursable?
 - iii. Role of family histories
 - iv. Acknowledging the need for self-awareness on part of the professional
 - v. Teaching colleagues how they can learn from their process recordings
- b. Recommendations for [Group's Online Discussions](#):
 - i. July - our goal is to feature more topics posted as online discussions
 - ii. David Pollack: Models for payment of consultative, non-face-to-face encounters for specialty services including mental and behavioral health, substance abuse, etc.
 - iii. Other Ideas?

IV. Learning Opportunities & Resources

a. PCPCC Events

- i. [Monthly National Briefing](#)
Thursday, June 27, 11AM - Noon ET
Join us for an interactive dialogue with Dr. Kavita Patel from [The Brookings Institution](#) who will speak on payment reform recommendations for physicians. In addition, we will discuss our recently Board-approved Strategic Plan, and reveal upcoming Stakeholder Center projects and activities.
- ii. [In Search of Joy in Practice: Innovations from 23 High-Performing Primary Care Practices](#)
Friday, June 28, Noon - 1:30PM ET
This webinar will feature Dr. Christine and Tom Sinsky, authors of a recent [Annals of Family Medicine study](#) that identifies practical solutions for improving physician work-life satisfaction, attracting future physicians into the field of primary care, and improving the quality of patient care.
- iii. [eHealth Special Interest Group: Conference Call](#)
Tuesday, July 2, Noon - 1PM ET
- iv. [2013 PCPCC Annual Fall Conference](#)
Oct. 13-15th, Bethesda, MD
Community Connections in the Medical Neighborhood: The Future of the Primary Care Medical Home. Early Bird Registration ends August 30, 2013.

b. Resources on Behavioral Health

- i. [Take the Step in June: Raise PTSD Awareness](#)
The National Center for PTSD has released several [promotional materials and tools](#), including flyers, brochures, social media platforms, Public Service Announcements, and online learning tools to help increase awareness, change beliefs, and promote screening and treatment options for this disorder.

c. Behavioral Health Learning Opportunities From Our Partners

- i. [Treatment Innovations: Perspectives from Addiction Providers Integrating Primary Care](#)
Monday, June 24, 12-1:30PM ET
Join this SAMHSA-HRSA Center for Integrated Health Solutions webinar to hear about early adopters of addiction treatment and primary care integration.
- ii. [Medicaid Health Home Implementation in Missouri: A Year Later](#)
Thursday, June 27, 2-3PM ET
Join this SAMHSA-HRSA Center for Integrated Health Solutions webinar to hear about Missouri's experience in implementing Health Homes for 17,000 Medicaid beneficiaries with serious mental illness.
- iii. [Triple Aim Strategies to Integrate Behavioral Health in Primary Care](#)
Thursday, June 27, 3-4PM ET
This Hospital in Pursuit of Excellence (HPOE) webinar will feature Dr. Robin Henderson of Health Integration Projects and Dr. Ben Miller of the Collaborative Care Research Network who will discuss integrating mental health resources into the continuum of care.
- iv. [Disability Management and a Culture of Health](#)
July 25, Noon - 1PM ET
The Disability Management Employer Coalition will host a session on how to engage employers in health and wellness programs.
- v. [Mastering Pediatric Care in the Age of Healthcare Reform: Thriving in a Patient-Centered Model](#)
Sept 12, 2013 - Aug 14, 2014, Newton, MA
Apply for Children's Emotional Health Link Skills Training Program by September 2013.

REMINDER: Our next Behavioral Health SIG call will be **July 17th** (Wednesday), from 12-1pm ET. This group has a standing call on the third Wednesday of the month – same time, same call-in number/access code. If you have an item you would like to discuss during this next call, please email Tara Hacker at thacker@pcpcc.net by COB the Friday before the call in order to get it added to the agenda.
